

On December 11, 2024, the Center for Strategic Politics conducted an English-language survey of 455 adults from the United States using random device engagement through Pollfish. The sample was weighted to be representative of the general adult population in respect to age and gender. The margin of error is ±4.6%.

Ideological leaning reflected in results is based on self-reported ideology, where Liberal is a combination of Liberal and Socialist responses, and Conservative is a combination of Conservative and Libertarian responses.

**[Preamble]** On December 4th, 2024, UnitedHealthcare CEO Brian Thompson was allegedly shot and killed by Luigi Mangione, a 26 year-old data engineer, while attending the UnitedHealthcare annual shareholders meeting. Mangione allegedly wrote a manifesto accusing UnitedHealthcare and the rest of the health insurance industry of "corruption and greed." Knowing what you just read...

**[1]** What is your opinion of Luigi Mangione?
